

Chapter Network Update • Q2 2024

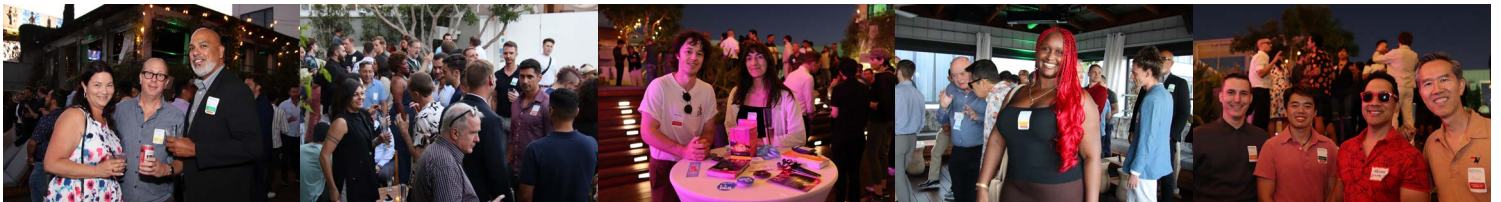

Announced **Career Accelerator** for Spring 2025

We're launching an annual career event that will empower and match quality talent with opportunities! In cities with mature chapters, Career Accelerator will combine an **inspiring keynote** with **skills-building career talks and workshops**—all capped by one of our award-winning networking mixers. Activities in this afternoon/evening event will be built around a **Career Hall**, where 350-450 attendees can connect directly with companies that value diverse talent. **Los Angeles** and **Chicago** Accelerators launch in Q1. Additional cities will host theirs in Q3/Q4.

Broke **Attendance Records** at OutPro Networking

OutPro Los Angeles hosted an audience of **390 LGBTQ professionals and allies** on July 2. Interest and engagement in our career-building events continue to build community and increase our positive impact.

Began a **BIPOC, Trans, and Women's Group Outreach Initiative**

We invested funds from our recent grant awards toward further increasing diversity at events. **Outreach to 60+ community groups** will help us benefit the entire LGBTQ community.

Meet a Chapter: **OutPro SF**, the only cross-industry, LGBTQ networking group in the Bay Area

Launched a little over a year ago, OutPro San Francisco consistently hosts bimonthly events with **150+ participants**. Their model emphasizes partnering to bring the entire professional community together. They've developed a mutually supportive alliance with the **Golden Gate Business Association (GGBA)** connecting business owners with potential customers at each other's events. In mid-July, OutPro will co-host a panel and networking event with **ROMBA (Reaching Out MBA)** at **Goldman Sachs**.
